Dr. Rajendra Shitole is an esteemed IVF consultant and a skilled hysteroscopic, laparoscopic, and robotic surgeon with over 15 years of experience in obstetrics, gynaecology, reproductive medicine, and surgery. Specializing in in-vitro fertilization (IVF) for the past five years, Dr. Shitole is dedicated to delivering advanced fertility treatments and personalized care.

His expertise includes a broad spectrum of reproductive procedures such as ovum pickup, embryo transfer, and Endometrial Receptivity Array (ERA) testing, along with proficiency in minimally invasive surgeries for optimal patient outcomes.

He remains committed to continuous learning, regularly participating in national and international conferences to stay abreast of the latest advancements.

In addition to his clinical work, Dr. Shitole is an experienced educator, guiding MSc Clinical Embryology students and conducting seminars and training.

His published research and contributions to books reflect his commitment to advancing reproductive health.
