Dr. Sayali Chavan-Shitole brings extensive expertise and a patient-centered approach to reproductive medicine and fertility treatments.

As an IVF consultant with years of experience, she has mastered a wide range of procedures, including fertility evaluation, ovarian stimulation, ovum pickup, embryo transfer, and advanced hysteroscopic interventions. She also excels in utilizing cutting-edge regenerative medicine techniques, such as PRP therapy, to enhance fertility outcomes.

Her commitment to mentoring and training ensures that students benefit from both theoretical knowledge and practical skills essential for clinical embryology. Dr. Sayali is dedicated to cultivating future leaders in the field through her comprehensive teaching and innovative methodologies.
