Currently, Dr.Sunita Tandulwadkar serves as the Head of the Department of Obstetrics and Gynaecology, Chief of the IVF & Endoscopy Centre, Ruby Hall Clinic, Pune and Advisor and Consultant for the IVF, Endoscopy Department, Dr. D Y Patil Medical College, Pune. As a visionary leader in the field, she is the Founder and Medical Director of SOLO CLINIC – A Centre for Excellence in Infertility, as well as SOLO STEMCELLS – a cutting-edge Stem Cell Research & Application Center in Pune. Dr. Sunita Tandulwadkar is also the Founder of SOLO RESEARCH FOUNDATION, an initiative dedicated to the "Sponsor A Birth" programme, and the Founder and Medical Director of ALIV – Alreschaa Life Sciences IV Drip Therapy, Pune.

Dr. Sunita Tandulwadkar is the President-Elect of the Indian Society of Assisted Reproduction (ISAR) for 2026 and President of the Federation of Obstetrics and Gynecological Societies of India (FOGSI) for 2025.

Dr. Sunita Tandulwadkar has been a trailblazer in the field of advanced laparoscopic surgery, earning recognition as one of the pioneers of the technique in India. She has designed several laparoscopic instruments and showcased their innovative applications at various platforms. She also innovated a novel technique for laparoscopic tubo-tubal anastomosis at the isthmic end, which she presented at the International Conference of Gynaec-Endoscopists in Malaysia in 2004.

A pioneer in the application of stem cells for infertility treatment in India, Dr. Sunita Tandulwadkar made history by delivering the world's first stem-cell-assisted baby to a 45-year-old mother in 2018. She has stellar professional achievements and cutting-edge clinical experience in advanced infertility treatments, endoscopy, and stem cell research.

A recipient of accolades and awards from various agencies, professional organizations for outstanding clinical and academic achievements, she has also held senior elected positions in numerous professional bodies and has extensively travelled and spoken at national and international fora.
